CALL TO SCHEDULE

Call us today to schedule an appointment with a trained installer to come out to your home / job site to measure your project.

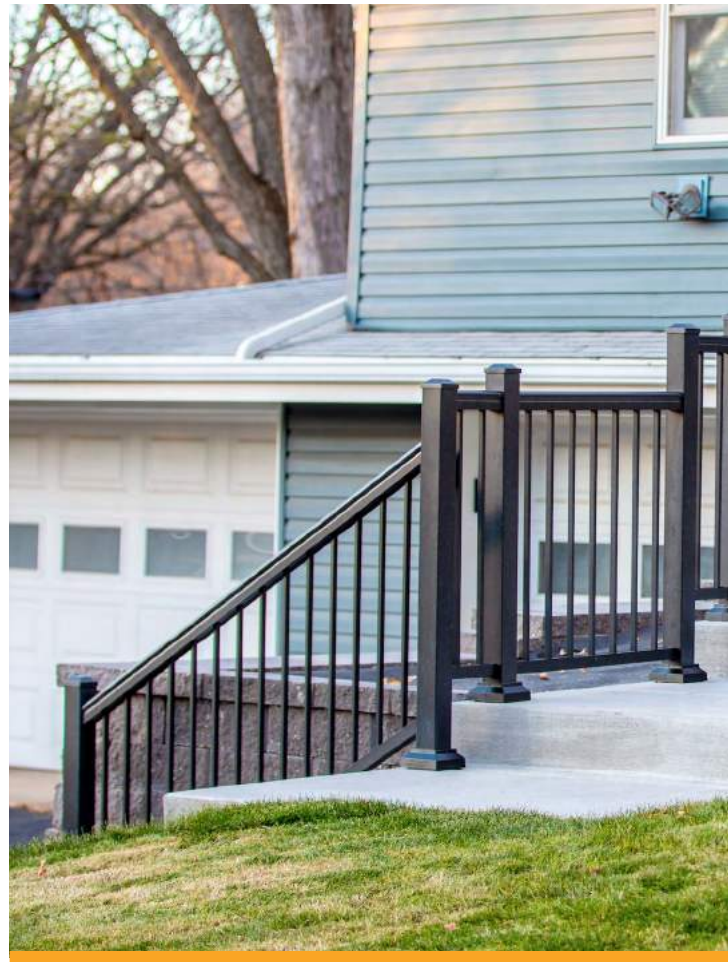

RAIL IS CUSTOM FIT

Once measured, we go back to our shop to cut and assemble your custom pieces.

DELIVERED

Twin Cities Railing offers local shipping to Home Owners & Contractors throughout the Minneapolis/St. Paul area. This includes Hennepin, Anoka, Ramsey, Washington, Dakota, Scott, Carver, Wright, & Sherburne Counties. We also offer LTL Delivery Freight Pallets Packs that ship Nationwide, excluding Alaska and Hawaii.

Twin Cities Railing provides Aluminum Railing Solutions for Home Owners, Contractors, Commercial Builders, and Property Managers.

- ✓ **FASTEST LEAD TIME**
- ✓ **FASTEST INSTALLATION**
- ✓ **BEST SERVICE & QUALITY**

THE BIG IDEA BEHIND THE FASTEST RAILING SYSTEM

We are commercial and residential railing experts who have experienced the raising bottlenecks and disruptions in our industry over the years. We're hoping to relieve the frustration of labor shortages, lead time fluctuation, and supply chains.

Through our experiences, passion, and creativity, We created a railing system that works for any installer and has been tested to not only perform better but will maximize profitability.

Using our fast railing system contractors and builders can now effectively improve speed-to-market with a superior product that installs more rapid than any other railing in the industry.

Engineered and Approved to ICC-ES AC273 Commercial and Residential Building Codes.

Why We Are Faster

Our railings are ordered to exact size for precise, efficient installation—There is no need to spend time cutting and sizing at the job site.

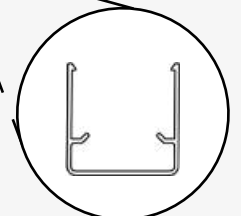

The hidden fastener system provides a clean, aesthetically pleasing finished product. The system is code-compliant (engineered and approved to ICC-ES AC273 commercial and residential building codes), making it an ideal option for multi-family and commercial clients.

- Pre-Assembled Panels save 20-30 labor minutes per opening
- Average 4-6 hours per deck
- Durable and Aesthetically Pleasing product
- Hidden Fastener System / No Welds or Rivets
- Adaptability in the Field
- ICC-ES AC273 Approved

PANELIZED & CUSTOM

WE OFFER TWO TYPES OF SYSTEMS TO BUY FROM

&

Order the panels and posts you need and we will ship directly to you. Then cut your panels on site as you install your railing on your project.

Send us your deck or patio measurements and we will custom cut your entire project before we ship it to you. When your railing arrives it fits and all you have to do is light assembly and installation. Stair components will need to be measured and cut on site.

Twin Cities Railing offers local shipping to Home Owners & Contractors throughout the Minneapolis/St. Paul area. This includes Hennepin, Anoka, Ramsey, Washington, Dakota, Scott, Carver, Wright, & Sherburne Counties. We also offer LTL Delivery Freight Pallet Packs that ship Nationwide, excluding Alaska and Hawaii.

LIGHTING ACCESSORIES & KITS

DekPro™ EFFEX TIMER WITH PHOTO EYE

110 volt photoelectric timer with built in photo eye. Set to on/off at dusk and dawn automatically or on at dusk with 2 - 10 hour run times. Designed for use with any transformer and has two outputs. Plug into outlet and plug transformer into this unit.

\$40 PN3011

DekPro™ EFFEX TRANSFORMER KIT

Kit includes 1 Outdoor DC output transformer w/ Quick Connect lead, 1 timer / photo cell, 1 dimmer with remote and 1 - 9' Quick Connect wire. Dimmer draws 2.5 watts. Determine correct transformer size by adding up wattage of all fixtures. Total wattage should not exceed 80% of the capacity of the transformer.

36 watt - \$195 PN3006

60 watt - \$250 PN3007

DekPro™ EFFEX TRANSFORMER

Outdoor DC output transformer provides power to LED lights. Comes with a Quick Connect output wire. Determine correct transformer size by adding up wattage of all fixtures. Total wattage should not exceed 80% of the transformer. Measures 6-1/2"L x 2"W x 1-1/2"H.

36 watt - \$156 PN3008

60 watt - \$233 PN3009

DekPro™ EFFEX DIMMER

12 volt waterproof remote dimmer, controls on/off and dimming functions for EFFEX series lights and transformers. Requires separate transformer. Works with most DC transformers up to 60 watts. Draws 2.5 watts. Remote range - Approx: 70 ft.

\$60 PN3010

HEAVY DUTY OUTDOOR LOW VOLTAGE WIRE

Heavy duty low voltage wire rated for direct burial

WIRE - 12 GA 100' SPOOL \$76.00 PN3013 (Required for longer runs over 200')

WIRE - 18 GA 100' SPOOL \$40.00 PN3015

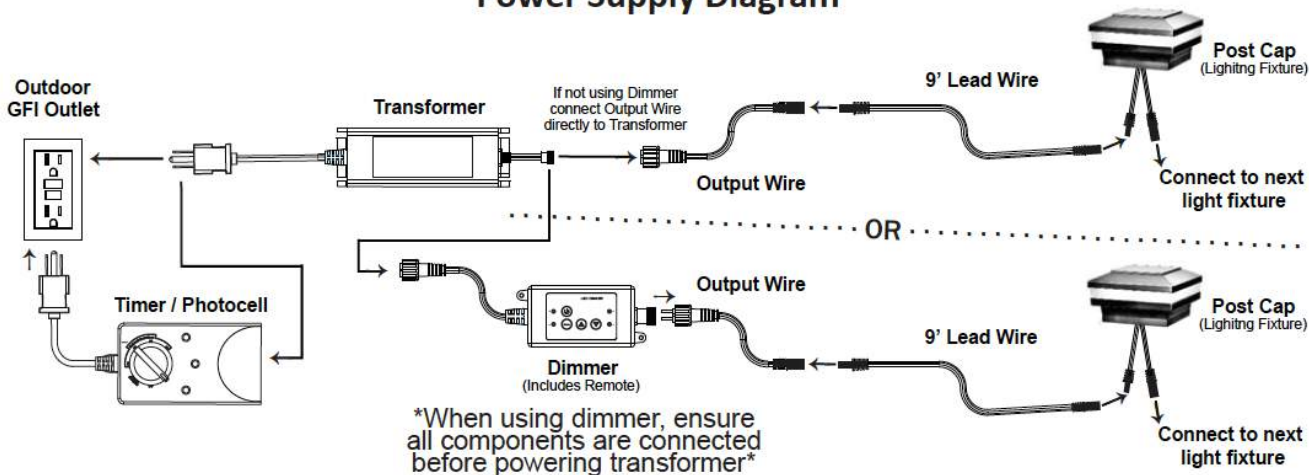

WIRE - 12 GA 250' SPOOL \$193.00 PN3014

WIRE - 18 GA 250' SPOOL \$95.00 PN3016

(recommended for most LED lighting applications)

Why VERSATEX?

Because VERSATEX is created from cellular PVC, it is moisture and insect resistant while still featuring the real cedar look and woodworking characteristics a fine builder or craftsman desires. The result is a product limited only by your imagination. VERSATEX is an ideal solution for moisture sensitive areas, including those along coastal zones or regions affected by salt and high humidity. Most of the problems associated with wood trims are eliminated with VERSATEX. No more warping, cupping, or splitting – just a Trimboard with high aesthetic value backed by a lifetime warranty.

GET THE LOOK YOU WANT

We offer two finishes: Smooth Matte and Timber Ridge. VERSATEX Trimboards can be ordered either Smooth/Smooth or Smooth/Timber Ridge.

MORE LIKE REAL WOOD

Timber Ridge is designed with a more natural surface texture to compliment cedar and fiber cement.

VERSATEX EDGES ARE "RIGHT"

VERSATEX Trim is cut with a proprietary system to keep the edges sealed, clean, and dimensionally accurate with true 90° angles.

THICKER OPTIONS

Our 1½" Trim makes it easier to create thick pergola rafters, custom mouldings, and window casings.

TIMBER RIDGE FINISH

SMOOTH FINISH

VERSATEX is the first manufacturer to produce 1½" material, available in 48" wide Sheet.

- Can be used in direct contact with masonry
- Can be used in direct contact with moisture
- Does not require painting
- Weather resistant
- Resists insects
- Resists rot

ANYTHING WOOD CAN DO...

VERSATEX CAN DO BETTER...

WIDTH	NOMINAL	2"	3"	4"	5"	6"	8"	10"	12"	16"

Our system allows for faster and more aesthetically pleasing installations time after time. The 3/4" pockets accommodate any siding product including fiber cement, cedar and vinyl, and our Stealth Skirtboard is the answer to meeting manufacturers' ground, asphalt, concrete or deck clearance for fiber cement sidings as well as composite and wood sidings.

VERSATEX[®]

BUILDING PRODUCTS

EXPERIENCE THE VERSAWRAP - At VERSATEX, we pride ourselves on coming up with innovative ways to make the builders' lives easier during installation. When we were asked to make covering wood posts more efficient with still improving aesthetics, we delivered the VERSAWRAP.

The unique design of VERSAWRAP features a product cut with pre-mitered grooves and friction fit joints. The joints are inter-locking with a unique design to allow for easy alignment and additional surface area for bonding.

- All kits are pre-cut to length, mitered, and sold in bags with Hoffman Dovetail Connectors for easy assembly and a snug fit around the outside dimension of specific sized column wraps.
- XL kits are cut longer to fit around outside dimension of Accent Wraps.
- All Crown Moulding Kits are made with 4" Crown Mould profile (3 5/8" actual).

Our four-piece Tapered column wrap provides the same convenience of the one-piece VERSAWRAP for a craftsman style project. Four pre-cut panels each have a friction-fit miter lock joint to eliminate the calculations and cuts required to ensure the right angle for each panel.

TAPERED COLUMN WRAP KIT

\$500 16" x 16" x 6' PN2047

Column tapers from 16" wide at the base to 12" wide at the top. Price includes trim kit for top and bottom.

VERSATEX - CANVAS SERIES

WEATHERED GREY

AMBER

MACORE

WALNUT

The VERSATEX Canvas Series has been developed to add contrast to your porch ceilings and interior trim projects. This innovation combines an exterior grade laminate featuring warm woodgrain finishes with long-lasting, maintenance-free VERSATEX profiles. Through the Canvas Series, VERSATEX delivers the look of rich hardwoods without knots and without labor-intensive re-staining requirements.

4" CROWN MOULDING

WALNUT	PN2036

Cost Comparison & Longevity

Chart based on a 240 ft² porch ceiling finished with a WP4 profile, excluding mouldings. Pricing is calculated based on specific geographic market data for both materials and labor and should not be considered definitive for specific projects. Coastal areas can accelerate need for restaining.

	<i>Canvas Series</i>	Cedar	Cypress	Mahogany
Initial Cost (stained & installed)	\$4,045	\$2,874	\$3,526	\$3,778
Restaining & Maintenance	\$0	\$600 every 4 years	\$600 every 4 years	\$600 every 3 years
4 Year Cost	\$4,045	\$3,474	\$4,126	\$4,378
8 Year Cost	\$4,045	\$4,074	\$4,726	\$4,978
12 Year Cost	\$4,045	\$4,674	\$5,326	\$6,178

“Ceilings are often left plain, but they can really go a long way in establishing style and personality. With the Canvas Series, this big impact doesn’t come along with on-going maintenance.”
